WET QUESTION IS PARAMOUNT ISSUE

More Discussion of Platform at San Francisco Than Candidates

GLASS HAS ARRIVED

Virginia Senator Begins Work of Restoring Order in Democratic Ranks of McAdoo Boosters.

San Francisco, June 26.—Present convention talk here differs materially from that in Chicago, in that here is more discussion of the platform and less ,as yet, of candidates. At the Palmer headquarters Major O. P. Newman and Frank Lord are earnestly disseminating information to advance the cause of the Attorney General. At the Edwards camp Col. Frank Morgan is assiduously spreading the report of the popular demand for a tried and true "wet." There are apparently no McAdoo headquarters and no one professes to speak for the former Director of Railroads, but you hear more McAdoo talk in the corridors than of any other candidate.

But it is of the platform rather than the candidate that the talk is most general. Of course, the wet and dry fight holds the center of the stage.

It is possible that a line may be laid upon the respective strength of these two camps before the concrete question comes up in the committee. It may figure in the fight to beat Senator Reed. The Senator is well known as a wet, and the wets are desirous of having him in the convention. But his seat was declared vacant by his State convention and he can only be seated by a vote in the national convention.

As the wets are expected to vote unmasse for him both in committee and on the floor of the convention the vote will give a fair idea of the two factions.

With the arrival in San Francisco of Senator Carter Glass, of Virginia, order is beginning to be restored in the demoralized ranks of the McAdoo boosters.

Like many other backers of the former Director General of Railroads, Senator Glass believes that there is a chance of the convention nominating Mr. McAdoo and forcing him to accept the chieftaiship in the coming campaign regardless of the latter's unqualified withdrawal from the race.

Attorney General Palmer arrived here yesterday, took personal charge of his campaign for the Presidency and at the same time plunged into his duties as a member of the Democratic National Committee.

The latter task ,he said, he regarded as a sufficient reason for his presence in the convention city. He added that he considered questions of platform and policy far more important than the problem of who should be the nominee and asserted that the party must stand for "the ideals of historic Americanism, of constitutional democracy and of impartial enforcement of law."

The Attorney General declined to make any statement about prohibition, the League of Nations or other disputed platform issues.

NEW FOX PRODUCTION

A WONDERFUL PLAY

"Should a Husband Forgive?" the much-heralded William Fox special which opened at the Richmond Theatre yesterday, is one of the best melodramas seen here in a long time. The story holds one's interest every moment and the tenseness of the situations gives thrill after thrill.

R. A. Walsh a master of big spectacular productions, in this picture has applied to the utmost his exceptional ability. He has taken a real, human interest story and woven it into a wonderful play. The all-star cast is headed by Miriam Cooper and includes Mrs. James K. Hackett. The picture will be shown again tonight.

C. H. LIVINGSTONE LAUNCHED TODAY

Miss Clarice Livingstone Sponsor For 9,400 Ton Freighter

AFFAIR A BIG SUCCESS

Band Plays, Sirene Let Loose and Ninth Boat Glides Off Ways Without a Hitch

With her colors flying to the breeze a band playing lively airs and the siren loose the Colin H. Livingstone, a 9,400 ton steel freighter glided from the ways at the plant of the Virginia Shipbuilding Corporation at 2.30 o'clock this afternoon.

The launching was without a hitch. Just as the big freighter started from the ways Miss Clarice Livinstone, daughter of Colin H. Livingstone, who is president of the Virginia Shipbuilding Corporation, smashed a bottle of wine over the nose of the vessel. She being sponsor for the vessel. The bottle was wrapped in red, white and blue ribbon with streamers. Miss Livingstone carried a huge boquet of red roses and was dressed in blue. She posed for a photographer just before the launching.

The launching was witnessed by a large gathering of persons, among those present being a number of visitors, including Charles W. Morse, president of the board of directors of the Virginia Shipbuilding Corporation and Colin H. Livingstone and many others.

More than 100 persons were on the launching platform. About fifty employees of the yards were aboard the vessel as she glided off the ways and in a short time afterward the boat was pulled into her wharf by tugs.

The work of finishing the Colin H. Livingstone officials of the yards stated this afternoon will be completed within the next forty five days. Employees at the yards are now busy in constructing the tenth ship, the Livingstone being the ninth ship built by the Virginia Shipbuilding Corporation.

Immediately following the launching the invited guests were tendered a buffet luncheon which was served in the administration building.

The music for the occasion was furnished by the Boy Scouts' Band of Washington.

The Anna E. Morse, which was launched April 2, is now ready for her trial trip and officials at the yards stated this afternoon that she probably will be given a trial trip not later than July 1.

VACATION PERIOD RETARDS ATTENDANCE

Average Decline of Forty-Five Per Cent Noted

STANDING OF SCHOOLS

St. Paul's and First Baptist Hold Places of First and Second Respectively

A total of 1794 Sunday school scholars reported last Sunday to swell the percentage of the various competing schools in the Y. M. C. A. Sunday school attendance campaign. This is against the record of 1885 for June 6, and 1832 for June 13, or an average decline of 45 per Sunday. Secretary Wallace states that this is a most excellent showing and shows that Alexandria is a consistent Sunday school city.

It is of course, probable that the schools will show more marked decrease as the summer and vacation time cuts into the ranks, but the intention of the contest is to demonstrate the weaknesses and if possible discover means of counteracting these.

In the standing of the schools St. Paul's and the First Baptist held their positions of first and second places respectively, but the M. E. South dropped to fourth place while the Second Baptist moved from fourth up to third place, in fact being tied with First Baptist for second honors. The Methodist Protestant holds fifth place and Christ Church, which takes its standing this week for the first time is in seventh place although their standing last week was sixth.

Trinity M. E. moved from seventh place to sixth in this week's standing, while the second Presbyterian and Grace churches occupy eighth and ninth places respectively. Great interest is being taken in the contest and already the schools are taking steps to prevent further slump in attendance. Numerous picnics and parties are being planned and carried out with splendid effect.

Standing of the schools follows:

St. Paul's 179 per cent; First Baptist, 144 per cent; Second Baptist, 144 per cent; M. E. South, 134 per cent; Methodist Protestant, 134 per cent; Trinity M. E., 125 per cent; Christ Church, 123 per cent; Second Presbyterian, 122 per cent; Grace Church, 112 per cent.

BROWN-SCOTT NUPTIALS

A rainbow wedding charmingly planned, took place at the home of Mr. and Mrs. J. W. Brown, 213 Linworth Pdace, on Wednesday, June 23rd, when Miss Augusta Winfield, daughter of Mrs. M. E. Winfield, of Washington, became the bride of Mr. George W. Scott, of this city.

The home was beautifully decorated with quantities of rambler roses, ferns and potted plants. The bay window was tastefully decorated with an arch of ferns, and cut roses, under which hung a large wedding bell.

The ceremony was performed by the Rev. T. E. Davis assisted by the Rev. D. W. Skellenger, of Plainfield, N. J.

Miss Violet Keese attended the bride as maid of honor, wearing canary organdy, and carrying a large bouquet of sunburst roses.

The bride's cousins, the Misses Elizabeth and Clara V. Gill, of Philadelphia, Miss Margaret Gill, of this city, Miss Flora Betts, of North Rosemont, Va., and Misses Clara and Louise Brown, acted as bridesmaids, and were charmingly gowned in the rainbow colores, carrying a garland of laurel and daisies, which formed the aisle where the bride and groom came through.

The bride was escorted by the groom and wore a gown of soft satin with a drapery of exquisite point lace. Her tulle veil was held with a chaplet of sweet peas and hung gracefully to the end of the bridal gown and she carried a shower bouquet of bride roses.

Mr. John P. Scott, brother of the groom, acted as best man.

The music was rendered by the Messrs. Merrill Beagle violinist, and George Watson, pianist.

ANOTHER SHIP LAUNCHED

The "Colin H. Livingstone," the ninth ship launched by the Virginia Shipbuilding Corporation at this place, is now moored at the pier of that plant. "Number Ten," as it is known, is rapidly approaching completion, and within a short time it, too, will be afloat in the Potomac.

The weather has been ideal today, and long before the hour for the launching (2:30 o'clock p. m.) many automobiles were proceeding down south Fairfa street, their objective being the plant at which the "Livingstone" was constructed. Each bore as many persons as could conveniently squeezed themselves into the vehicles. Hundreds of Alexandrians and large numbers from Washington and nearby places were within the enclosure when the ship glided into the water accompanied by hurrahs, hands and whistle blowing.

The new ship, like her sister vessels, bears upon the stern the words "Of Alexandria" after its name. Those which have preceded the "Livingstone" have carried the name of our city into the Mediterranean and far up the Adriatic; some to Rotterdam, Liverpool and other large foreign ports. After having been placed in commission the new steamer will also carry the Stars and Stripes together with the name of the city of its birth to far away climes.

BACK TO THE BOOK

In the remote past a feature of Saturday's Alexandria Gazette was its original articles and clippings, designed for Sunday reading. In this day of sudden transitions, multiplicity of occurrences and the overboiling political cauldrons, but little, if any space, can be devoted to editorials or any miscellaneous matters. About all we can do is, in a succinct shape to "show the very age and body of the times, his form and pressure."

While hurriedly scanning cotemporaries this morning our eyes caught the following, which are suggestive and bring to mind a matter which long ago should have made its pressure felt in this day of many churches and many sects. The first is from a Washington paper:

"Although some churches will discontinue evening services during the summer months indications point toward unusual opportunities for Bible study in Washington during July and August. In addition to the Young Women's Christian Association classes and those conducted by the Cottage Bible Institute, vacation Bible schools are planned by the Washington Federation to be held in many churches."

A Baltimore paper contained the following:

"The daily vacation Bible schools in Baltimore and other cities of Maryland will open their sessions Monday under the auspices of the Daily Vacation Bible School Association of Maryland and of the various denominations participating. Several thousand children are expected to be enrolled in these schools, and more than half a hundred churches will place their parish houses or church halls at the disposal of the schools."

In one prominent Alexandria church last Sunday morning the pastor requested all men, young and old, to remain after the benediction, as he had something of vital interest to impart to them. After the gathering had been called to order he announced his purpose to form a Bible class, composed of all men of the congregation. He referred to the fact that other Alexandria churches had large classes (some numbering over a hundred), and he realized the importance of a similar organization in his church Another meeting will be held tomorrow morning for the purpose of formulating an organization.

LET US BE TIDY

The regular monthly meeting of the Civic Bureau of the Chamber of Commerce will be held next Monday night. The secretary has sent notifications to all members, and it is hoped there will be a full attendance.

The health authorities are kept on the go investigating the sanitary conditions of the city, and the police department is clothed with the duty of doing everything possible to keep the streets in a tidy condition. It is impossible to accomplish this work satisfactorily without the co-operation of each and every resident. What good is it in-cumbent to keep premises clean, but the sidewalks and gutters in front of homes should receive attention. During the summer months, when many persons read newspapers on front steps or sidewalk, part of such are usually allowed to fall from the hands of those who have perused them, when the wind wafts them from sidewalk to sidewalk.

Apart from the discarded newspaper considerable trash, etc., is cast into the streets. Banana rinds are ever in evidence.

Ordinances forbidding the casting of trash, ashes or kitchen refuse in to public thoroughfares were adopted by the City Council many years ago.

CASE OF VOLSTEAD

The whirligig of elections, like that of time, brings about its revenges. Whether the Volstead act is modified, or not, Mr. Volstead himself has been as the result of the primary election in the Seventh Minnesota district. He will be converted by it from a Congressman into a civilian, from a gentleman of 100 per cent, publicity into an individual of less than one half of one per cent, of obscurity. Unwept, unhonored and unsung, except by the Antisaloon League, he dries up and blows away in the period of excessive drought which he has helped to bring upon the country.

The man who beat him in the Republican primary is dry, too, but he might not have won over a candidate whose name was not Volstead. It was a name to give any rival an unfair advantage. It would arouse resentment and anger even in the arid regions of a political Sahara of traditional prohibition purity like Maine, much more in a State like Minnesota, which has only recently been dragged to the altar of virtue by the truculent Volstead act. It is safer to be named anything but Volstead during this campaign, if you have political aspirations. Another straw apparently indicating Minnesota's thirsty temper is furnished by the triumph of the Democratic candidate in the Fourth Minnesota district, whose slogan was "I am wringing wet."

People are demanding higher percentages of everything just now—higher percentages of honesty, of courage, of manhood. The one half of 1 per cent man will no longer do.—Baltimore Sun.

GREEKS TAKE 8,000 TURKS

London, June 26.—The Greek Legation here has received official information that the Greeks campaigning against the Turkish Nationalists in the Smyrna district surrounded a Turkish army corps in Philadelphia (Ala Shehr, 93 miles east of Smyrna) taking 8,000 prisoners with guns and other booty.

Salhill has been captured by the Greeks, whose cavalry is pushing on.

DAN McGANN'S SOLUTION OF THE H. C. L.

Shure, I heard a man a spoakin this mornin' on the street,
He was telling his companion the one big thing to beat
This blamed high cost of livin' is for every single soul
To jump right in and hustle 'til production hits the goal.
And b'gorra, I've been thinkin' that it's squarely up to me
To pull me waist-coat off me back and show some energy.
Now while these foreign diplomats are wranglin' over Fiume,
And the Bolsheviks are scrappin' to hasten Russia's doom,
Ye'll find me wet with honest sweat a workin' with me truck,
The stuff a moving' jist that fast ye'll think a cyclone struck.
Don't stop me for a minit! I'm a mighty busy man,
For I'm demonstratin' qualities of a good American.
If production's goin' to help us straighten out this jumbled mess
Why every mother's son of us must do our very best.
For what's the use of harborin' discontentment and the like?
We're shurely getting' nowhere with our parleys and our strikes
I've so much red blood in me that I have no time to shirk.
So now if you'll excuse me, sor, I'll be gettin' to me work.

Men who have served six months in the National Guard or in the National Army may enlist for a period of one year in the Alexandria Light Infantry.

Word to the foregoing effect has just been received by Capt. Louis N. Duffey, who recently reorganized that company. This news was sent by Adjutant General Jo Lane Stern. Prior to this time Capt. Duffey had instructions to enlist only one-third of the company for one year and two-thirds for two years.

The regular drill of the company was held in the armory last night with a majority of members in attendance. Another drill will be held Monday night when the men will be measured for clothing and equipment. It is expected that during the coming week the men will be mustered into the service of the state militia at which time an officer from the U. S. A., will be here for the purpose of also inspecting and recognizing the company for federal service. Many of the men already have undergone the required physicial examination.

BANK FOR EVERYBODY

Movement Launched by American Library Association

W. N. C. Carlton, Chairman of the Enlarged Program Committee of the American Library Association, which has launched the "Books for Everybody" movement, has accepted an appointment as European representative of the American Library Association. He will assume his overseas duties in the early fall, making his headquarters at the American Library in Paris. Until recently, he was librarian of the Newberry Library, in Chicago.

As librarian of the American Library in Paris, Mr. Carlton will be in charge of a circulating collection of more than 25,000 volumes, established permanently in Paris after the closing of the war library service of the American Library Association overseas. The library, with reference and reading rooms, is located in the former headquarters of the Association, once the palace of the papal legate, at 10 rue de

Elysee. Any resident of Paris, regardless of nationality, may draw books from the American library, which is partly self supporting, but the institution is patronized and maintained chiefly by the American and British colonies. More than three thousand students' library cards have been issued.

Many calls for expert advice and assistance have reached this European outpost of the American Library systems, notably Poland and Czescho-Slovakia. Mr. Carlton will endeavor to make available the example of American public library methods and will promote an interchange of library ideas between European and American libraries.

The interest in public library development in Europe is equalled in America. The "Books for Everybody" movement, through a nation wide fund of $2,000,000 now being raised, will broaden and extend library service in the United States. More than 60,000,000 persons in this country do not have access to free public libraries.

The Names or Alexandria Persons Familiar To All

Who are the witnesses?
They are Alexandria people—
Residents of Alexandria who have had kidney backache, kidney ills, bladder ills; who have used Doan's Kidney Pills. These witnesses endorse Doan's.

One Alexandria resident who speaks is B. C. Hall, 115 South Payne St., He says: "My kidneys were so sore I could hardly get up or down. I was so weak and lame across my back it was all I could do to bend over and lace up my shoes. I was always in misery no matter what position I was in. On top of all that I suffered from headaches and nervousness and my kidneys acted so freely at night I couldn't get any rest. When someone told me about Doan's Kidney Pills I was about used up. I got Doan's at Ashton's Drug Store and you can believe me I was surprised at the quick cure I got. I have had no return of kidney trouble since using Doan's".

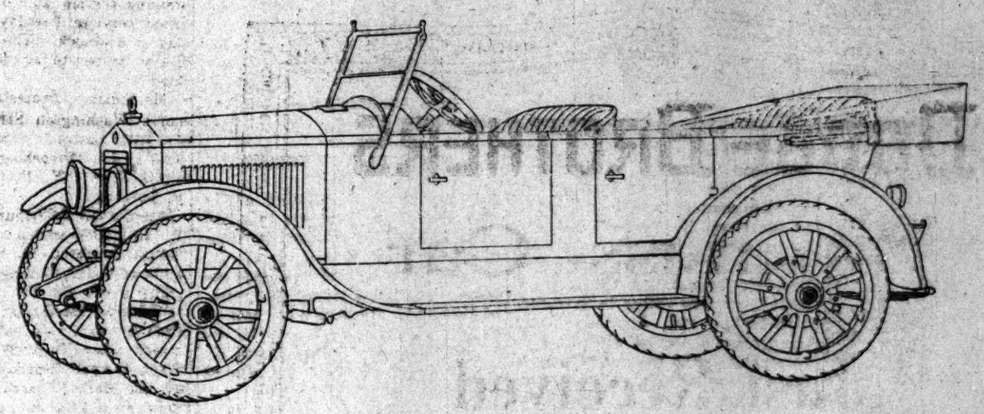
ESSEX MOTOR CARS



Essex Reveals True Economy

Not Limited to But One Advantage

The question of motor car economy is not limited to gasoline mileage.

It includes oil, tires and particularly repair costs.

The Essex consumes no more gasoline than other cars of similar capacity. And it is a common remark of all owners that it requires hardly any oil.

As for its tire economy, many reports are so remarkable that we repeat them only with the explanation that they are exceptional rather than average. One owner has a record of 29,600 miles on one set of tires that appear good for several thousand more miles of use.

The repair requirements are so slight that it has given Essex a distinctive position among all cars.

VIRGINIA NEWS

Several months ago J. J. Oliver and Lee Chase, prohibition officers, were arrested in Brunswick county on warrants charging that they had sold "mash," which they had taken in a raid, to people living in that vicinity. The allegations by the people in whose possession it was found claimed that they had bought the stuff and paid the officers for the same. This was emphatically denied by the officers, but they were bound over for a court hearing, and this was had Thursday. The court heard all that was to be said and the men were discharged from custody.

Identity of a young man killed Wednesday night on the Richmond Fredericksburg and Potomac car tracks near Dunbarton, a few miles north of Richmond, was revealed yesterday when his wife arrived at Richmond from her home at Riverdale, Md. She identified the body as that of her husband, Arthur T. Beall. He is believed to have been crushed to death by a passing freight train when he fell from the platform of the northbound express. He was seen to leave his coach, but no one witnessed the accident. The only clue provided the authorities was a letter in his pocket, postmarked Norfolk and signed "Julia." The identity of "Julia" was not ascertained.

Robert Royster, colored, was sentenced to jail in Danville a few days ago for a term of several months. Tuesday he was found in his home quietly chatting with friends. A policeman took Royster back to jail, notwithstanding his explanation that he had been given permission to go home. Then Royster got mad and told City Sergeant Boisseau that as all the other prisoners were allowed to roam at will about the jail corridors, he saw on reason why he should not go home. The sergeant investigated and found that not only were the prisoners walking about the lockup at will but were planning a general "walkout." Now all the cell doors are locked and the city fathers are threatening an investigation.

Albert J. Johnston, alleged to be wanted by authorities of Richmond in connection with the recent theft of $16,000 in that city, was arrested in New York yesterday. He will be held on charges made by the American Surety Company in connection with the theft, pending further advices from Richmond.

Rev. Dr. Sparks W. Melton, pastor of Freemason Baptist Church, Norfolk, has declined to accept the call extended him to the pastorate of the First Baptist Church in Petersburg to succeed Rev. Dr. Lewis M. Roper, who resigned to accept a call to the pastorate of a Baptist church in Johnson City, Tenn. Dr. Melton was once pastor of the Baptist Church in Baltimore and it is said that he has under consideration a call to a Baptist church in Richmond.

BOY AWARDED $3,500

Publication Had Called Youth "Toughest Kid in Hell's Kitchen."

New York, June 26.—A Supreme Court jury decided Thursday that William McCue was not "the toughest kid in Hell's Kitchen," and awarded him $3500 damages against the Russell Sage Foundation and publishers of a book entitled "Boyhood and Lawlessness," in which his picture appeared over this caption.

In asking $30,000 damages, the boy's complaint set forth that in 1914 a photographer appeared in the "Hell's Kitchen" district where he lived and took his picture on the ground that he wanted "Boy Scout Pictures." McCue, who is now of age, said he was an altar boy in St. Ambrose's Church at the time and has never been arrested or charged with delinquency in any form.

patch said the name of Senator

In denying a motion to set aside the verdict, Justice Ford said: "There is not a scintilla of evidence that he was tough at all. It is a wicked libel.

"That is the great trouble with these movements. As matter of fact in those humble homes in every section pictured in this book will be found more Christian piety, more devotion to real duty, more of the sterling qualities of humanity than will be found in the mansions along Fifth avenue.

"These people from their height of self conscious righteousness and superior excellence peer down on and discuss these humble beings as though they were so many cobblestones in the street, wihout any regard at all for their feelings or their rights in the community."

Peking, China, June 26.—The only U. S. Marine in the world who has never seen the United States is on duty at the American Legation here. He is Private C. W. F. Childress, who was born of American parents in China. When he became of age a few weeks ago he decided to join the Marines and enlisted at the Legation.

Childress is a tall, good looking lad who can speak the Chinese language like a native. His services as an interpreter are especially valuable to the Marines.

Through association with his parents and other American residents of China he is thoroughly familiar with the traditions and customs of the United States. He is looking forward to the day when he will see the country whose flag he serves.

IRISH RIOTING ENDED

Londonderry Quiet After Several Days of Bloody Street Clashes

London, June 25.—Military authorities had gained control and were holding the city in an iron grip last night, according to latest reports received here from Londonderry.

A rigorous campaign to round up snipers has been begun.

The only certain victim of the fighting yesterday was a small boy of 8 who was shot dead in a Catholic institution.

One of the bloodiest episodes of the civil warfare in Londonderry, entailing the deaths of five Sinn Feiners, occurred Wednesday night when an officer sought a momentary truce to pilot a party of Protestants through the street. The Sinn Feiners, behind sandbags thrown up in the thoroughfare, refused to recognize the truce, whereupon the military opened up a terrific machine gun barrage, resulting in the killing of five of the Sinn Fein forces and the probable wounding of several others.

The city magistrates yesterday made desperate attempts to get food into the city to stave off threatened famine.

Practically all communication between Londonderry and the outside world has been cut off.

There has been no vehicular traffic in the city since last Saturday, with the exception of hearses.

Just what the casualties are is not known, but it is certain the lists are much bigger than represented, since both sides have formed casualty corps, thus enabling them to hide their individual losses. It is believed that a great number of dead have been secretly buried.

Attempts were made yesterday, without very great success, to reopen shops to provide for the hungry, thirsty, milkless and sleepy population of the city.

Knoxville, Tenn., June 25.—Governor A. R. Roberts announced here last night that he would call a special session of the Tennessee legislation for action on the Federal suffrage amendment in ample time for the women to vote in the November election.

AGED COUPLE DIE IN FIRE

Pair Enter Barn Shortly Before Flames Are Discovered

Lancaster, Pa., June 26.—An aged man and woman, whose identities are not known, but who are believed to be a pair of homeless wanderers seen in this vicinity for several days past, are thought to have perished in a fire which demolished the $12,000 barn on the farm of Mrs. Mary Habecker, East Donegal township.

The farm is tenanted by Norman Stauffer. A short time before the fire was discovered his six year old daughter Elsie saw the aged couple enter the barn. Some time later flames were seen issuing from the horse stable. The man and woman had not reappeared. An alarm was sounded, but when aid arrived the building was a mass of flames. All livestock in the building, including three horses, a mule and a number of hogs, were burned to death. It is believed the two strangers, seeking shelter for the night, met a like fate.

TO PAY ALL WAR DEBTS

British Premier Denies Plan to Repudiate U. S. Loan

London, June 26.—Military authas not the slightest intention of repudiating any war debts. In fact, he is now preparing to repay what he owes the United States."

Thus Premier Lloyd George gave the lie to widespread rumors in the United States reporting Britain's stand to the contrary.

"We are not sending any emissary to Washington, nor are we making any advances regarding cancellation of any part of the British war debt, or the proportion of the amount which France suggests cancelling," Lloyd George added.

"The question of a loan to Germany to help her pay for imports of raw materials will not be considered until after the conference at Spa.

"We never expected any help from America other than the suspension of interest on Britain's debt, which the United States has already granted."

BOMB THROWN IN HOME

Abode of Strike Breakers Wrecked and Fired But All Escape

Waterbury, Conn., June 26.—Twenty Portugese strike-breakers narrowly escaped death yesterday when the house in which they were sleeping was wrecked by a bomb. Police believe the explosive was placed by a striker.

The explosion was felt all over the city, and people blocks away from the wrecked house were awakened by the noise. The bomb was thrown through a cellar window.

A lighted lantern was thrown from a shelf by the explosion and set fire to the house.

Mike Tito, a striker living near the house, was arrested. The authorities said he admitted trying to intimidate the Portugese, but denied any connection with the bombing. He was sentenced to six months by Judge Larkin for intimidation.

Mrs. Alphino Robas and her one-year-old son, wife and baby of the landlord, were hurt most seriously. Others of the roomers were badly cut by flying glass and suffered severe bruises.

STRIKE IS AVERTED

Board's Promise of Wage Ruling by July 20 Halts Plan to Quit Tonight

Chicago, June 26.—A decision on the demands of railroad employes for wage increases will be made on or before July 20 by the railway labor board, Judge R. M. Barton, chairman, said in a statement late yesterday, The award would be retroactive to May 1, the statement said.

According to W. G. Lee, President of the Brotherhood of Railway Trainmen and spokesman for union leaders, who gathered here today, the board's declaration would end all danger of a general railroad strike.

Mr. Lee said that secret plans had been made by a disaffected union element to spread the strike throughout the country because of the continued delay in announcing the wage ruling.

"The men would have quit at midnight tomorrow night," Mr. Lee said. "It was impossible to hold them longer. Men of my organization have been waiting patiently for nearly a year."

DELUGED WITH OFFERS

Newspapers Seek President And Colleges Want Services After March 4.

When President Wilson quits the White House on March 4 of next year he may either enter the journalistic profession or go to some college as its president, according to Rear Admiral Cary T. Grayson the President's personal physician, who stated yesterday that the nation's Chief Executive is being besieged with offers. It is expected that the President will leave Washington.

"The President has had many offers from universities, other institutions, and especially newspapers for his services after the expiration of his term of office," said Dr Grayson.

HUMAN FLY FALLS

St. Catherine, Ont., June 26.—Charles Hutcheson, known as the "human fly," fell seventy-five feet from the cornice of the Welland House when a knot at the end of a rope opened during one of his stunts. Two thousand persons saw him fall. Physicians say he cannot recover from his injuries.

Hutcheson had climbed the face of the building and had started to climp the rope over the cornice. He slippel purposely, giving a feigned cry of alarm, but the cry took a note of real terror when he felt the knot yield which should have stopped him.

COAL EXPORTS HALTED

Interstate Commerce Commission Stops Shipments From Atlantic Ports

New York, June 26.—Shipments of coal to Europe or other foreign ports are prohibited in an Interstate Commerce Commission order made public here yesterday, which went into effect immediately. The embargo, at present, is effective in all ports on the North Atlantic coast from Charleston to the Canadian border.

The action was taken to make available many badly needed cars for carrying coal to the Atlantic seaboard.

Strictly interpreted, no ship in any port in the district affected will be able to obtain even bunker coal to take her to Halifax or any other nearby foreign port, but it is doubtful whether the measure will be stringently enforced.

105 MILLION PEOPLE

Statistician of Census Bureau Makes Estimate of 14 Per Cent Increase

Washington, June 25.—The population of continental United States under the 1920 census enumeration is approximately 105,000,000 according to an estimate worked out yesterday by Dr. Joseph A. Hill, statistician of the Bureau of Census division of revision and results.

Under this estimate the increase over 1910 is thirteen million in round numbers, or approximately 14 per cent. The population in 1910 was 91,972,246.

Dr. Hill uses in his estimate the figures in complete returns announced up to June 22 for 1,400 cities and towns which have an aggregate population of 41,029,354.

New York Police Get Anonymous "Tip" of "U-Boat Base" on Beach

New York, June 26.—After receiving an anonymous letter stating that a "German submarine base" was located at Plumb Beach, in Sheepshead Bay, detectives of the police bomb squad and naval intelligence officers Thursday found 4 cases containing 1,000 pounds of a high explosive on a small boat anchored off the beach.

The boat had been deserted before the officers arrived. Neighbors said the craft was owned by a man of German descent, who had worked in an ammunition plant in Bridgeport, Conn., during the war. He was seen to move the boxes, which were apparently those containing the explosive, onto the boat from another craft one night about two years ago.

OFFERS GIFTS TO COUPLES

Clayton, N. J., June 26.—"Get married and get a present from the Mayor" may soon be the slogan for young couples in this town, for in the past few months there has been a big slump in the marriage market here and Mayor Potter is worried.

When the slump continued through the "marry month of June" the Mayor decided on stimulation and has now offered to donate the equivalent of the gift the groom makes to the "marrying parson or Mayor" to the bride. By this action some will be made to suffer, for it has been the custom here for the minister or Mayor to give all wedding fees to his wife. It is understood, though, that the women are willing to forego this "pin money" if the town can recover it's past marrying record. The promise holds good to the end of the year.

Under present conditions our receipts of domestic coal are limited and prices are constantly changing.

We will be glad to enter orders; deliver the coal as promptly as we can secure it, and bill it to our customers on the basis of cost to us plus our usual gross margin, and this will have to be our policy at this time as everything indicates great uncertainty in the coal trade.

Our customers can be assured that we will do everything possible to keep the price as low as we are able to, consistent with quality, weight and service, and we shall be glad to have you entrust the business to us on this basis.

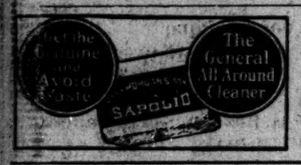
KILLS HIS WIFE

Slayer Subsequently Shoots Himself in St. Louis Cafe

St. Louis, June 26.—Jealousy in a love triangle late Thursday resulted in the killing of the wife, attempted suicide of the husband and flight by the other man.



John W. Stephens, 32, of Mart, Texas, was seated in a downtown cafe when Mrs. Leslie B. Stephens, his wife, entered with another man Stephens drew his revolver as the couple halted at seeing him. He said he aimed at the man but the bullet struck his wife in the left breast, killing her instantly.

As the other man fled the place, Stephens turned the weapon upon himself, inflicting a wound in his right breast and is in a serious condition at the city hospital.

Stephens arrived in St. Louis yesterday from Forman, Ark., where he visited his wife's parents. He was with his wife in the forenoon at the cafe and came back alone in the afternoon when she entered with the other man.

WINDOW CLEANER CLEANED

New York, June 26.—Window cleaners and waiters were raised high above the ordinary grade of wage earners Thursday when testimony was given at trial of Harry Weiss, charged with keeping a gambling house, in which two of them had lost $2,000 in a poker game there on Wednesday night.

Detectives in describing the games between a score of window cleaners and waiters declared there was "a considerable amount of money before them." The defendant's attorney admitted "thousands of dollars passed in the game," but maintained the amount of cash did not provide the "necessary element" to convict.

When the Magistrate discharged Weiss, the Prosecutor remarked that "when a waiter and a window cleaner can sit in a game of poker and each lose $2000, I want to be either right away."

ATTACKED WRONG MAN

Philadelphia, June 26.—Crazed by grief, Robert Pennell, of Rydal, whose only son was struck and probably fatally injured Thursday by an automobile driven by Winston Kind, tried to assault George W. Elkins, Jr., the banker, in the Abington Hospital, after he had mistaken Mr. Elkins for the driver whose machine had struck his boy.

Attaches of the hospital rescued Mr. Elkins and calmed the distracted father, whose attack did no great harm to the banker.

Young Kind, who is eighteen years old and the son of Charles Kind one of the firm of the John C. Winston Publishing Company, surrendered to the police and was paroled in the custody of his father to await the result of the lad's injuries.

George W. Pennell is the boy who was hurt. He is nine years old. He received a fractured skull and fractured arm and both his legs were broken. Physicians at the hospital say there is scarcely a chance for his recovery.

Young Pennell was riding his bicycle near the Rydal station last night when young Kind, driving his car, struck the lad. The police say the accident was unavoidable and several spectators bear out this statement.
